To Whom It May Concern:

My wife and I tried to work with other firms to sell our house but the value was too low for the marketplace it just didn't make sense.

We worked with Greg Norman of Creative Alternatives to sell our house. Greg was accommodating working with us on a flexible sale date. Closing was smooth and we got our money within days after closing. The agreements seemed too easy to be true; but it is that easy.

We highly recommend him after comparing other operations; "You will notice his customer service approach immediately."

Sincerely,

Arnie and Joanne Gerstein
