Re: Recommendation Letter

Dear Mr. Greg Norman

I am writing this letter to express my thanks and gratitude of my rental and sale experience from you. I was not sure what to expect. But you made it simple for me. I have been kept fully informed of all the developments related to this transaction. One of the best things I like about this arrangement was that I was able to get familiarized with the good and bad things about the place before I decided to buy. I had the option to buy it or not.

I will recommend any one who is looking to sell or lease to buy a property, because your company shows high level of professionalism and responsibility.

Sincerely

Susan Miller
